

Oreo

Dried flower cultivar · Indica-dominant hybrid

Shaped by Hawke's Bay terroir | Flower that is a true expression of the land it comes from.

PRESCRIPTION MEDICINE · CONTROLLED DRUG

THC	CBD	GENETICS	LINEAGE	FORMAT	PACK
20%	1%	Indica	Cookies & Cream	Dried Flower	10 g

CULTIVAR CHARACTERISTICS

Oreo is an indica-dominant hybrid derived from Cookies & Cream genetics, a rich, creamy flavour profile with notes of sweet vanilla and chocolate cookie, layered over subtle earthy, dessert-like undertones.

PATIENT USE

Commonly selected by patients seeking support for chronic pain, sleep disturbance and anxiety. Its calming, full-bodied effects may promote physical relaxation, reduce the perception of discomfort and assist with restful sleep.

FLAVOUR & AROMA

● **Pepper** ● **Citrus** ● **Earthy** ● **Floral**

CULTIVATION & QUALITY

Grown in living soil. Hawke's Bay is one of New Zealand's premier growing regions. **Mineral-rich soils, high sunshine hours and pristine Pacific air** create the environment for exceptional cannabinoid development.

Aho Farms produces GMP-aligned cannabis with full traceability and uncompromising quality control, medicine that healthcare providers and patients can trust.

DOMINANT TERPENES mg/g

● β -Caryophyllene	3.2
● δ -Limonene	2.4
● α -Humulene	1.1
● Guaiol	0.8
● Linalool	0.7

PREPARATION

For preparation as inhalation of dried flower.

STORAGE

Store below 25°C in original packaging, away from light and moisture. Keep out of reach of children.

TESTING & COMPLIANCE

GMP-aligned manufacture. Full Certificate of Analysis available on request.

For healthcare professional information only. Therapeutic statements are general and not product-specific claims; prescribing decisions remain the responsibility of the treating clinician. Cannabinoid and terpene values are nominal. Refer to the batch Certificate of Analysis for verified results.

Traceability You Can Trust

How every batch is recorded, and why that matters

OREO · DRIED FLOWER CULTIVAR · INDICA-DOMINANT HYBRID

REGULATORY OVERSIGHT

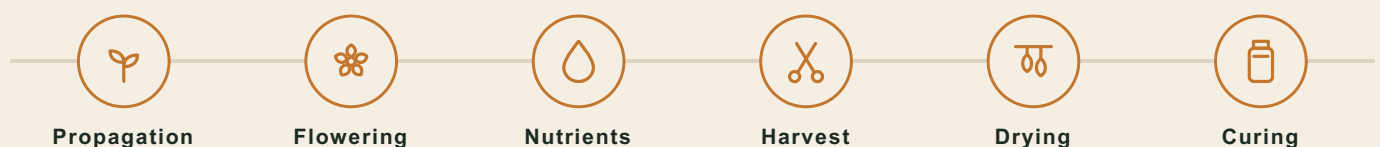

New Zealand operates under one of the world's most rigorous regulatory frameworks for medicinal cannabis. For patients and prescribers, that high standard matters. Greater regulatory oversight means greater accountability, consistency and confidence in the medicine reaching the patient.

BEYOND COMPLIANCE

At Aho Farms, that commitment extends beyond compliance. We use GrowerIQ, a purpose-built cannabis cultivation and compliance platform that provides full traceability across every batch we produce.

A COMPLETE BATCH HISTORY

From propagation and flowering through to nutrients, harvest, drying and curing, every stage is recorded, creating a complete history of how each batch was grown and handled.

AVAILABLE TO PRESCRIBERS

This information can be made available to prescribers, providing a level of transparency that supports informed prescribing and confidence in product quality.

From seed to patient, every step is traceable.

GrowerIQ is a third-party cannabis cultivation and compliance platform. Batch records are available to prescribers on request. For healthcare professional information only.
